About GLEAMORA

OUR STORY

GLEAMORA is a distinguished manufacturer and exporter of premium architectural hardware, specializing in cabinet knobs, handles, and decorative fittings. Born from a passion for precision engineering and timeless design, we craft hardware that transforms everyday spaces into statements of refined taste.

DESIGN PHILOSOPHY

Every product in the GLEAMORA collection exists at the intersection of form and function. We believe hardware is not merely functional — it is the finishing touch that defines the character of a space. Our commitment to quality ensures each piece meets the highest international standards.

GLOBAL PRESENCE

Serving architects, interior designers, builders, and distributors across the globe, GLEAMORA products are trusted in residential, commercial, and hospitality projects. Our export-ready operations ensure seamless delivery to partners worldwide.

OUR VISION

To be the global benchmark for premium architectural hardware, recognized for innovation, quality, and design excellence across every market we serve.

OUR MISSION

To deliver meticulously crafted hardware that combines enduring quality with contemporary aesthetics, empowering our partners to create extraordinary spaces worldwide.

Why Choose GLEAMORA

Six pillars of excellence that define our commitment.

01 PREMIUM QUALITY

Every product undergoes rigorous quality inspection from raw material sourcing to final surface finishing.

02 DIVERSE FINISHES

Advanced PVD and electroplating delivers over 12 premium finishes including Chrome, Brass, Copper, Gold, and Matte Black.

03 EXPORT READY

Fully compliant with international standards. Professionally packaged for safe transit across the globe.

04 CUSTOMIZATION

Bespoke solutions including custom finishes, sizes, and branding for OEM and private label partners.

05 COMPETITIVE PRICING

Direct manufacturing offers premium-grade hardware at highly competitive price points for bulk orders.

06 RELIABLE DELIVERY

Streamlined production and logistics ensure on-time delivery. Our supply chain supports any scale.

Quality & Manufacturing

Precision and care at every stage of production.

01

Raw Material Selection

We source only certified-grade zinc alloy, solid brass, and aluminium from approved suppliers. Each batch is tested for composition and consistency.

02

Precision Casting & Machining

State-of-the-art die-casting and CNC machining ensure tight tolerances and perfect symmetry in every piece.

03

Surface Finishing

Advanced PVD coating, electroplating, and powder-coating deliver finishes that resist corrosion and daily wear. Salt-spray tested.

04

Quality Control

Multi-point inspection at every stage including visual, dimensional, finish quality, and functional testing.

05

Packaging & Dispatch

Products individually wrapped, boxed with care, and palletized for safe international transit. Custom packaging for OEM partners.

Packaging & Export

Export-ready packaging for seamless global distribution.

PRODUCT PACKAGING

Individual poly bag or foam insert protection

Inner box per piece

Master carton with custom labelling

Barcode & SKU stickers available on request

EXPORT COMPLIANCE

Meets EU, US, and Australian import standards

Material safety data sheets available

RoHS & REACH compliant materials

SHIPPING & LOGISTICS

FOB / CIF / DDP terms available

Sea and air freight options worldwide

Lead time: 25–35 days for standard orders

MOQ flexibility

OEM & PRIVATE LABEL SERVICES

Custom finishes, dimensions, packaging design, and branding solutions for worldwide distribution.
